

ADAARAN
MALDIVES

Dear Valued Guests,

We wish to allay any concerns you may have and confirm that the current political environment in the Republic of Maldives has had no impact on international or domestic travel. Adaaran Resorts continues to welcome our guests as usual.

Velana international Airport is located on a separate island from that of Male` city and Resorts are based on individual islands away from Male' and thus remains unaffected.

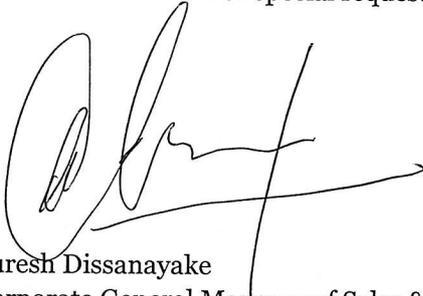

Your scheduled speedboat, seaplane or domestic flight transfers are operating as usual without interruption. As a resort operator we own our speed boats and only operate exclusively for our clients travelling to Adaaran Select Hudhuranfushi, Adaaran club Rannalhi & Adaaran Prestige Vadoo.

We charter the Seaplane from TMA and our flights only operate point to point transfers exclusively for the guest of Adaaran Select Meedhupparu and Adaaran Prestige Water Villas.

Your safety is paramount to us and as such, I would also like to stress that there is no indication that events relating to the political situation will have any impact on your clients' stay with us at the Resort.

For your reference, I quote the most recent press statement from the Maldives Ministry of Tourism which assures that *"all tourism-related business will be operating as usual and the situation In the Maldives remains stable"*.

Please do not hesitate to contact us should you require any further information or if we can assist any way with the reservation or special requests at all Adaaran Properties

Suresh Dissanayake
